

199—43.7(17A) Confidentiality. The portions of a carrier's proposed broadband initiative plan that identify the exchanges where advanced telecommunications services are to be deployed, the time frame in which those services are expected to become available in the described exchanges, and the types of services that are to be available in those exchanges will be made available for public inspection. Supporting documents and additional information, including but not limited to market share information, cost data, vendor information, and proprietary information, may be held confidential pursuant to 199—1.9(476) if an appropriate request for confidential treatment is filed. The board may request additional information from a carrier during the board's review of a plan. If the board requests additional information from a carrier, the carrier shall supply the information upon the board's request. The requested information may also be subject to confidential treatment in accordance with rule 199—1.9(476).
